PERSONAL STATEMENT

I am a young software engineering undergraduate with a strong passion for technology. I am committed to continuous learning and growth, always seeking out new technologies and approaches to stay ahead of the curve. With my team-oriented mindset and positive attitude, I am confident that I can bring fresh perspectives and creative solutions to any organization.

PROJECTS

Salon Management System (Web Application)
Led the team in this group project where we implemented a functional system for Salon Maria in Rajagiriya for the ITP module.
